

The shoX Mini-Speaker featured on Martiniboys.com

Toronto, Ontario. January 29th, 2008 - The shoX mini-speakers are currently being featured on the homepage of the website Martiniboys.com. This website is an insider's guide to all things cool within the cities it covers such as restaurant and movie reviews as well as clubs and the latest must have gadgets. The site currently covers the following cities: Toronto, Vancouver, Calgary, Montreal, Miami, and New York City. The shoX is the first item featured under the "Hot Goods" section under iphone accessories.

About the shoX:

The shoX is the worlds smallest rechargeable speaker. With patented vacuum bass technology the expandable mini shoX delivers max bass and max sound! It's compatible with all iPod's, laptops, desktops, MP3 players, PSP's, and anything else you can think of that has a standard 3.5mm jack. The shoX has been picked as one of the top gadgets by GQ Magazine and received the prestigious Red Dot Design Award.
